

FOR IMMEDIATE RELEASE

**Epoch Design, LLC to Showcase Mail Boss® Locking Security Mailboxes and NRHA Gold Winning Signage at National Hardware Show Booth #3841, May 7-9, 2013**

REDMOND, Washington (April 11, 2013) – Epoch Design, LLC, manufacturer of Mail Boss® and innovative provider of USPS approved security mailboxes in the U.S., will be showcasing their high security locking mailbox line and NRHA Gold Award winning Signage in Booth #3841 at the 2013 National Hardware Show in Las Vegas, May 7-9, 2013.

In response to the epidemic of mail and identity theft, Seattle based Epoch Design set out to change the way Americans receive their mail. In 2006, they introduced the Mail Boss, a high security locking curbside mailbox, as the first line of defense against identity theft.

As people have become more vigilant about protecting their identities, Mail Boss sales have soared. Now, Mail Boss mailboxes can be found in over 1,500 hardware retail and specialty stores across the nation.

“After being flooded with requests from consumers, we expanded our Mail Boss line to include the Townhouse Wall Mount and the Package Master. But consistently what we have heard from our business customers is they want to offer a mailbox with the same security as Mail Boss but at a lower price-point. That’s what we have accomplished with the Mail Manager,” said David Bolles, President of Epoch Design.

The Epoch Design line of Mail Boss security mailboxes includes high security curbside and wall mount options, as well as accessories for multi-unit mounting and column installation. Mail Boss differentiates its product line on security and durability: All units feature heavy gauge galvanized steel construction for superior protection against vandalism, and incorporate a high security 12-disc wafer lock and the patented Anti-Pry latch locking system for unrivaled protection against mail-identity theft.

In addition to showcasing the Mail Boss security mailbox product line, Epoch Design will be honored to accept the prestigious 2013 Gold Merchandising Distinction for exceptional Point-of-Purchase Signage for Mail Boss. The award, sponsored by the North American Retail Hardware Association (NRHA), recognizes exceptional suppliers that demonstrate the greatest overall commitment, creativity and success in support of home-center and hardware retailers through Merchandising. Epoch Design will also accept the 2013 Honorable Mention Distinction for Mail Manager Packaging.

Mail Boss will be showcased in Booth #3841 at the National Hardware Show in Las Vegas, May 7-9, 2013. For more information, please call 1-800-589-7990 or visit [www.MailBoss.com](http://www.MailBoss.com) online.
